Wednesday June 24th Week 164 - 201 days

• People believe language as a naming system but there is no clarity whether the name we use is vocal or psychological entity.

• Structuralism generally focuses on literature as a system in which meaning is constructed within a context.

• Most important feature of this work is Theory of Sign.

• Saussure says that "linguistic sign unities, not a thing and a name, but a concept and sound image".
