## **RESEARCH WORK:**

**I Discovered the Meaning of Language Alphabets both Tamil and English addition with Value of basic numbers.**

Topic: **“Discovery the Meaning of Language Alphabets both Tamil and English; Value of Basic Numbers. Through define the Rule and the Role of Alphabets.”** This is focus to the Creative Education. The creative sense starts from teach the Value or Meanings of Language Alphabets.

Our present system of Education is teaching only language Alphabets but, the Value or Meaning of Alphabet is totally absent. This impact is making more problems in our Education system. Through My research methodology to solve all the problems and which helps to define the Meanings or Value of whole universal languages’ Alphabet. The whole universal phenomenon of living and non- living creatures, to speak their own nature of language, which more helps integrate to them with the human society. These approaches of analysis to expose of every creatures’ Formation, Nature, Action and Impact. This analysis sense more contribute to the Human society, to develop the around things from the understand stage into realize stage of all universal characters. Which is possible by the teach meaning or value of language Alphabets.
